Annette:

You have failed to include me on a number of emails where you are making specific requests of the City, as has Michael Berkoff. Include me in the distribution list on your communications to the City.

Thank You,  
Carla

Bryan and Nick --

Unfortunately, because of the haste involved, I neglected to ensure that the proposed access agreements with the ECHA and the individual residents that I sent to you earlier today were signed-off at EPA as

necessary. As a result of that sign-off process, some changes were made to the scope of the access request. I have attached the revised access agreements and look forward to hearing from you as soon as possible regarding these proposed agreements.

In any event, if you could please give me a call this evening, I would appreciate it. My cell phone number is Ex. 6 - Personal Privacy

Thanks.

Annette
